Why We Use Certified Angus Beef®?

At our restaurant, we believe great meals start with great ingredients. That's why we proudly serve The Certified Angus Beef® brand. Only a small percentage (about 30%) of Angus cattle meet the strict standards required for this prestigious certification. Each cut must pass 10 rigorous quality specifications, including superior marbling, tenderness, juiciness, and rich flavor.

Compared with ordinary beef, The Certified Angus Beef® brand delivers a consistently more tender, flavorful, and satisfying dining experience. Every bite is carefully selected to ensure the highest level of quality our guests deserve.

By choosing The Certified Angus Beef® brand, we are committed to serving premium beef that meets one of the most trusted standards in the world. For our guests, that means better flavor, better texture, and a steak experience you can truly taste.

Because when it comes to beef, quality matters.
